Chromepet, Chennai - 600 044

ABOUT SDNBVC

The college was started in 1968 with the generous donation of 10 acres of land by our Late Founder Chairman Shri Nanalal Bhatt. The College stands in the name of our Late Founder Chairman's wife Shrimathi Devkunvar and it has efficiently rendered more than five decades of dedicated service to the cause of women's education in the then Kancheepuram district and the present district of Chengalpeta. With 21 Undergraduate courses and 17 Postgraduate courses, the college aims to propel the cultural aesthetics with an equal weightage on rational and intellectual development.

Topics for paper Presentation & Poster Presentation

Medical Humanities
Illness Narrative in Literature/Films
Gender and Body
Ecofeminism
Disability Studies
Bioethics
Cultural Studies
Social Justice
Psychology
Environmental Studies

ABOUT THE CONFERENCE

Health Humanities is a fast-growing field of research, education and practice that has generated a more inclusive, democratizing and applied approach to Arts and Humanities in healthcare, health and well-being. It seeks to enjoin the medical humanities as well as fields such as arts and health, expressive therapies, community arts and social arts prescribing to work more collaboratively to advance creative public health. This burgeoning field has brought diverse academics, creative practitioners and health, social care and education professionals to work more closely with the public to find new applications and social innovations through arts and humanities in an interdisciplinary and non-hierarchical way. It explores the life experiences of people, their tribulations and victories and the communal, political and ethical connotations that influence their perception of health. The conference intends to uncover how arts and humanities knowledge and practices can inform and transform healthcare, health and well-being of individuals and the human community.

ABOUT THE DEPARTMENTS

The Post Graduate Department of English was initiated in the year 2013 and ever since its inception the department has been very keen in promoting literary and linguistic study among its scholars. With a wide range of papers offered addressing the voices of the subaltern, marginalised and postcolonial narratives, in addition to critical theory, the objective of the course lies in awakening the young scholars to the necessary adaptations of an evolutionary society.

M.Sc. Psychology offers broad scientific training with a concentration in Cognition and Cognitive Neuroscience; Developmental; Social; or Clinical and Behavioral Health. Psychology is a scientific subject that studies about the human mind and behaviour. Psychology studies about why humans behave in certain ways. The influence of various factors like culture, genetics and the physical and social environment which impact on the development of each individual which affects their perspective of the world. They can learn about various psychiatric disorders and its treatment.
